

Gluten Free Prescriptions-Information for patients

Following a confirmed diagnosis of Coeliac Disease or Dermatitis Herpetiformis (DH), people in Scotland can register at their local pharmacy to receive gluten free food 'staples' on prescription.

Remember there are many naturally gluten free foods. For example:

- All fresh fruits and vegetables are gluten free*
- All fresh meat, poultry, fish and eggs are gluten free*
- All fresh milk, plain yogurts and most cheeses are gluten free*
- Potatoes, rice, and a variety of breakfast cereals are gluten free*

*Always check the food label for wheat, barley and /or rye for foods that have been processed in any way.

Most supermarkets now stock 'free from' ranges. Speak with your Dietitian or Coeliac UK for further information and support.
