

Appendix 3

2017/18 IJB Annual Performance Report Acknowledgements

Section 42 of the 2014 Public Bodies (Joint Working) (Scotland) Act requires that Performance Reports be prepared by the Partnership. Each integration authority must publish an annual report by the end of July each year.

The timescales for producing the annual report are challenging, therefore the support and contributions of colleagues across the Health and Social Care Partnership are particularly valued. Managers and service leads across the partnership provided the content which is the basis for the annual report. Editing these contributions into a coherent picture of how the Partnership is progressing towards the delivery of the 9 national health and wellbeing outcomes is also a large task.

We would particularly like to thank the IJB for their advice and guidance on the production of the 2017/18 IJB Annual Performance Report and the following people who took part in the many editorial sessions required to bring the report together:

Graham Abrines	General Manager - Community Health & Social Care
Angie Adams	Clinical Performance Manager
Rebecca Aldridge	Social work Locality Manager, Adult Care, Nithsdale
Claire Brown	Operations Manager Third Sector Dumfries and Galloway
Andrew Carnon	Consultant in Public Health
Heather Collington	Senior Operational Manager, Social Work
